

Vaca Valley Radio Club Net

Tuesday at 8:00 PM

Club Repeater 145.470 MHz – 600 KHz
CTCSS (PL) Tone 127.3 Hz

Preamble

Good Evening Everyone!

This is (your name) W6VVR, net control for this evening's Vaca Valley Radio club net.

Before we get started, if anyone has emergency or priority traffic please come now. (Pause)
Hearing none, let's continue.

This net meets every Tuesday evening at 8:00PM here on this repeater. The repeater offset is down 600 KHz and has a PL of 127.3 Hz. This is an open net and visitors are welcome to check in after club roll call.

If you wish to make contact with someone or have anything for the net, please use net control.

Our club president is Marcus KI6WDX. Marcus do you have anything for the net this evening?

Does anyone else have any announcements for the club or other information for the good of the net?

Now is your opportunity to ask for help. Your request for assistance can be technical or physical. We try to help each other out with antenna and radio projects as needed. If you need help please announce your name, call sign, and the assistance that you need. Those interested in helping can make contact with you after the net is closed. This is a long running tradition that brings club members together to help each other. If anyone is looking for help at this time, please come now.

This is W6VVR club roll call follows:

Are there any late or missed club member check-ins?

It's time for visitor check-ins. Visitors please give your call sign, name, location and if you have anything for the net. Do we have any visitors this evening?

Is there anything else for the net this evening?

This is W6VVR closing the club net for this evening. Thanks for checking in, We hope to hear you again next week. 73!
