

Vaca Valley Radio Club Net

Preamble

Tuesday at 8:00 PM — W6VVR Repeater 145.470 -0.6KHz PL 127.3

Note: The standard net format now includes a “question of the day”. As Net Control, you pick the question. Have it in mind before you start the net! Some fun examples have been:

- What is your favorite movie?
- What is your favorite halloween candy?
- If you could have an unlimited amount of one thing, what would it be?

Note 2: Since this is an AllStar and EchoLink friendly net, please leave pauses between transmissions to give folks a chance to key up.

GOOD EVENING Everyone!

This is [your name, your call sign] using the club call sign W6VVR as Net Control for the Vaca Valley Radio Club Net

If you wish to make contact with someone or have anything for the net, please use net control.

Interrupt the net at any time if you have emergency or priority traffic.

(pause)

This is an open net and visitors are welcome to check in after club roll call. This net meets every Tuesday evening at 8:00PM here on the W6VVR repeater. The repeater has a down offset of 600 KHz and a PL tone of 127.3 Hz. We are also available via AllStar at node **51094** and EchoLink node **454312**.

Our club president is

[name and callsign of president] _____ –

[name of president] _____, do you have anything for the net this evening?

(pause)

Are there any Club Officers or Committee Chair persons with any announcements for the net?

(pause)

Now is your opportunity to ask for help. Your request for assistance can be technical or physical. We try to help each other out with antenna and radio projects as needed. If you need help please give us your name, call sign, and the assistance that you need. Those interested in helping can make contact with you after the net is closed. This is a long running tradition that brings club members together to help each other. Is there anyone looking for help at this time?

(pause)

This is the W6VVR club roll call. As a reminder, if you haven't checked in for the last three weeks we may not call your name during this section. This is just to keep the net moving along. Please check in after the roll call when we ask for late or missed club members and you'll be called next time!

This week's question of the day is *[insert your question of the day here - try to keep it lighthearted, easy to answer and broadly accessible to our members]* - please share your answer with your check-in when we call your name.

(proceed with roll call - being sure to update the current calendar year's spreadsheet)

Are there any late or missed club member check-ins?

(pause - record check-ins on the club roll call tab of the spreadsheet)

It's time for visitor check-ins. Visitors, please give your call sign, name, location and if you have anything for the net. Do we have any visitors this evening?

(pause - record check-ins on the visitor tab of the spreadsheet)

Is there anything else for the net this evening?

(pause)

With that, this is W6VVR closing the club net for this evening and returning the repeater to normal operations. Thanks for checking in.

We hope to hear you again next week. 73!
